Lynne Chapman reported the general fund was good, the sewer fund was good, the water and sanitation fund was a little in the red but it will probably balance itself out in the future.

D. Recreation – Ken Dill

Tom Cloer reported that we received a partial grant to purchase a new score board. Former Central Tiger Football player, former Clemson Football player, and now National Football League player with the Buffalo Bills Shaq Lawson has donated the remainder funds to purchase the new Central Tigers Scoreboard at Bolick Field in memory of his father and longtime Central Recreation Referee, Lawrence Lawson.

E. Enterprise- Harry Holladay

Harry Holladay reported everything was running about normal and our public work department have been very busy.

F. Tourism and Economic Development – Brandon Thomas

Brandon Thomas reported that council had met with Kelly Builders about the Old Central Concrete building. Greg Kelly walked us through and showed us some issues and told us that he could not give an exact quote on renovating it but he did say that it would be very pricey and we could build a new one cheaper. Brandon Thomas said that council had some decisions to make on that. Brandon Thomas asked Tom Cloer for an updated where we stood if we tore it down to be in compliance with SCDOT. Tom Cloer said that he had spoken with Stephen Henderson with SCDOT and he said SCDOT required 37.5 feet for the right of way and we were 40 feet. We cleared SCDOT but the 93 Corridor right of way goes about a forth of the way into the building. Tom Cloer reported that the he and the Administrator had met with our Building Official, Curt Edsall, and he said as long as we keep the footprint of the building (the concrete slab) we should be able to tear anything down and make repairs with no problem. Tom Cloer reported that we submitted an application to tear down the Old Gary's Garage a couple of months ago. He still has not heard back from Norfolk Southern. He said we would tag along on that one to get the remainder buildings removed. He said it usually take about 4 months to get a permit. Tom Cloer also reported that Pickens County is going to help tear them down and he we would just pay for fuel and a worker.

Mayor Martin said we would talk about it a little more at the work session next month.

Old Business

None

New Business

Mayor Martin reported that Dean Martin is going to replace one route of the water meters with radio read meters. He said he wanted council to think about how we wanted to replace the remainder of the water meters with radio read meters. Mayor Martin advised council that the radio read is mandatory for all new construction and that is why we needed to add the rate of a current market price for all new construction.
