Carson moved that the 20% penalty be added to all the deliquent license and Frank Abercrombie 2nd the motion. All were in favor of the above.

Mr. Gaines gave a report about the buses loading and unloading at the front of the school. He talked with the trusteess about this and they are going to discuss this at the next meeting. The lines are marked off in front of the school and it was discussed about having them march across all at one time. The trustees are going to work out a schedule and let us know.

Mr. Owens sewer line was then discussed and Mr. Perry and the council agreed that we had gone far enough by saying that we would buy 100 feet of line and lay it for him.

Patching the streets was discussed and also having a ditcher dig out the ditches. The weather has been so bad that nothing could be done about the streets up until this time. The coucil talked about having Guy Nealy to do that and if he wont give Mr. Gaines authority to hire a patrol. Also to give Mr. Gaines authority to buy material to patch the streets with. The council agreed that we ought to have this material on hand at all times and when a small hole came in the road we could fix it before it got so large. The council then authorized Mr. Gaines to get at least (1) load of Premix. Also see about patching and patrol to clean out ditches.

The cemetery was discussed and they are going to burn the old cemetery off if it will not scortch the momunments.

Then meeting was then adjourned.
